Subject: ARACIS re-authorisation to award the EUR-ACE® Label (Bachelor)

Dear Sir, Dear Madam,

It is my pleasure to inform you that at its meeting of 24 April 2023, the Administrative Council of ENAAEE, based on a recommendation from the EUR-ACE® Label Committee, has decided to authorise ARACIS to award the EUR-ACE® Label to Bachelor engineering programmes, for two years plus the remaining months of the year in which the AC has made its decision, terminating on the 31st December of the second year, which is 31 December 2025 with the condition that the reviewed agency:

- a) submits immediately a document proving that ARACIS has put in place a procedure with guidance for the experts that leads to the redaction of the report in accordance with the EUR-ACE® criteria
- b) submits a report within two years proving that all their experts have been trained according to EUR-ACE® label criteria.

Not later than six months before the end of this two-year period, the applicant agency must provide evidence for fulfilling the requirements having their experts trained according to the EUR-ACE® label criteria. When these requirements have been satisfactorily fulfilled, the authorisation may be extended to the 31st December of the fifth year following the original AC decision, thus by 31 December 2027.

Attached is a copy of the full EUR-ACE® Label Committee ERT Report and the EUR-ACE® Certificate.

All authorisations are subject to the agency not modifying substantially its accreditation standards and procedure. The agency is requested to inform ENAAEE of such changes as well as of important changes in the institutional context in which it is operating.

ENAAEE is happy to assist in activities to support your Agency's activities to promote the EUR-ACE® label.

Yours sincerely,

José Carlos Quadrado
President
