ARACIS re-authorization to award the EUR-ACE® Label (Bachelor) - Extension

Dear Professor PETRESCU, dear Professor LACHE,

It is my pleasure to inform you that the Administrative Council of ENAAE in its meeting of 25 June 2019 has decided, on the basis of a recommendation by the EUR-ACE Label Committee, to extend the re-authorization of ARACIS to award the **EUR-ACE® Label to its accredited Bachelor engineering programmes, valid until 31/12/2022.**

This extension is based on the provisions as outlined in the re-authorization letter of 16 July 2018 and the progress report and action plan received by ARACIS.

Attached are the related Authorized Agency and EUR-ACE Certificates.

All authorizations are subject to the agency not modifying substantially its accreditation standards and procedure. The agency is requested to inform ENAAE of such changes as well as of important changes in the institutional context in which it is operating.

ENAAE will be happy to assist with activities to support your Agency's activities to promote the EUR-ACE® label.

Yours sincerely,

Damien OWENS
ENAAE President
